2021 SPONSORSHIP OPPORTUNITIES

Sponsoring Cerner Charitable Foundation (formerly First Hand) fuels our effort to provide equitable access to health care for children through individual medical grants and health and wellness programming. As a foundation sponsor, you and your organization will receive visibility to other elite businesses and key Cerner leadership.

Your generosity gives necessary funding for equipment, medicine, surgeries and travel; wellness screenings to elementary students; social-emotional support and education initiatives in middle schools; health education to high school students and families; and so much more. Thank you for helping us provide equitable access to health care for children.

TOGETHER,

we are creating healthier tomorrows and building stronger communities.
